**Woodson County Sheriff charged with making false information**

The Kansas Attorney General's Office announced today that David Waddell, the Woodson County sheriff, was charged Monday with making false information or in the alternative official misconduct.

It is alleged that in December 2008, Waddell made false information on vouchers and reimbursement forms for goods purchased for personal use. It is also alleged that Waddell requested reimbursement for food that should not have been paid for by the sheriff's department.

Waddell was served with a summons Tuesday. His first appearance will be on September 24 at 9:30 a.m. in Woodson County District Court. These are only allegations and Waddell should be considered innocent until proven guilty in a court of law.
